## Antioch May Seek Return of Co. Fair Started in Village

### Chamber of Commerce Believes School Grounds Can Be Used

The return of the Lake County Fair to Antioch where it originated may be sought by the Antioch Chamber of Commerce.

Representatives of the business men's organization approached the village board on the matter Tuesday evening and were told by Mayor James McMillen that while the board can take no action in securing the fair or keeping it away, it will approve the license.

"Getting the fair for Antioch is a matter for the Chamber of Commerce and the Lions Club to act upon," explained the mayor.

Bruno Manzardo, auto dealer, and George Borovicka, druggist, representing the Chamber of Commerce, said that now that the high school addition offers more space for exhibits the fair could be brought back to Antioch.

Reminded that more space would be needed for the tent exhibits and the midway than now exists at the school grounds, Manzardo said that a subway could be built beneath the Soo Line tracks so that the school grounds east of the tracks could be used.

Cost of the subway which would insure safety of pedestrians crossing from one side to the other would be borne by contributions. Permission of the Illinois State Commerce commission would be needed to tunnel beneath the railroad tracks.

Permission of the school board to use the grounds and buildings would be the first move, it was said. The county fair started with a local exhibit conducted by the late C. L. Kuttli, vocational agriculture instructor at the Antioch High school. The exhibition grew and through the efforts of D. H. Minto and others state aid was obtained and the event became a county fair.

Several years ago the fair was moved from Antioch because of the lack of space and taken to Libertyville where it exhibited two years. Next it was moved to Wauconda where it showed this year. Now space there is becoming limited.

## Libertyville Park Men To Address Lions Club; Coaches on Program

Thomas Carlson, superintendent of Adler Park, Libertyville, and Dr. Lee K. Bailey, member of the Libertyville park board, will be speakers at the next meeting of the Antioch Lions Club at Smart's Country House Monday evening, Sept. 13.

They will discuss the cost of operation of swimming pools, which the local club is interested in, and will talk on park management in general.

Coaches Warren Polley, Paul Kessenich and Richard Scott of Antioch Township High School also will be present and will display football equipment and explain its use. Secretary Norman Jedele said that the program is expected to prove quite interesting. Dr. G. W. Jensen arranged for the Libertyville men to speak.

President Ted Larson has extended an invitation to the Antioch Village Board to be guests.

The enrollment of Antioch Township High School for the first day was 453, an increase of 48 over the first day last year when 405 were registered.

Principal Albert Dittman said that he and the board had planned for 450. A few late registrations are expected.

The enrollment by classes is: Freshmen, 136; sophomores, 114; juniors, 114; and seniors, 89.

## M. Cunningham Is in Waukegan Hospital as Result of Crash Today

Trustee Murrill Cunningham is in Victory Memorial hospital, Waukegan, today suffering from a broken knee and other injuries sustained in a car-truck accident which happened this morning at about 10:30 on route 12 near Volo, Ill.

Although no formal report was available at press time, it is reported that Cunningham was driving in a car, going south on Route 12, and that a Public Service truck which was coming north collided when the truck made a left turn.

His condition as reported by state police was "not serious."

## Arthur W. Bock, 64, Life Long Resident Of This Village, Dies

Arthur W. Bock, 64, life time resident of Antioch, died Sunday, at his home at 509 Lake street, following a lingering illness.

Mr. Bock was born in Antioch Nov. 14, 1889. He was a member of Sequoit Lodge A. F. & A. M. at Antioch and of the A. F. L. Building and Contracting Trades Union No. 93. For many years he operated his own plumbing shop in Antioch.

Changes in schedule have been announced. The bus will leave Venetian Village at 9:30 a. m. and return at 12 noon; will go to the Grass Lake area at 10:10 and return at 12:40 p. m.; will go to the Fox River bridge on Rte. 173 at 10:45 a. m. and return at 1:15; Rock Lake, Cross Lake and Warriner's subdivision at 11:15 a. m. and return at 1:50 p. m.; and Deep Lake rd. at 12:30 and return at 2:05. In addition, the bus will go to the Cross Lake area on the last listed run.

Merchants of Antioch are urged to support this project as it has proved a stimulant to business in Antioch.

## Traffic Grievances, Street Matters Aired Before Village Board

### Local C. of C. Complains of Neglect, Mistakes of Local Officials

Personal and collective grievances were carried before the board of village trustees Tuesday evening and there was hot debate at times. Bruno Manzardo and George Borovicka speaking at times for the Antioch Chamber of Commerce and at other times in their own behalf aired a number of opinions.

First, Borovicka requested a five-minute parking meter at the front of his drug store (Reeves), but the matter was tabled by the trustees. Trustee E. H. Glenn said that if the druggist's request were granted other merchants would want the same privilege with the result that there would be few places for hour parking which is needed for shopping.

When Borovicka cited the five-minute parking at the Lake st. side of the First National Bank, President pointed out that the area never had parking meters and was a bus loading zone.

Manzardo brought a complaint from the Chamber of Commerce that traffic on Main st. is not controlled—that there is too much speeding. He also complained of the recent method of fining of persons who had failed to get village car stickers and said that there are some persons who yet do not have licenses and the village has taken no action.

"We know who they are," said Mayor McMillen, "but we can't go to their homes and arrest them; we have to wait until they get out on the highway."

Still Will Make Arrests  
"And you can be sure we're going to try to get them," Trustee Murrill Cunningham assured him.

Cunningham, a truck line operator and Manzardo got into hot discussion when the auto dealer suggested that truck owners should pay a higher license.

"We truck owners are already licensed to death," complained Cunningham. "I pay Antioch licenses on trucks operating between Libertyville and Chicago that never come to Antioch."

Clerk Clarence Shultis produced a record showing that 26 dealer licenses were issued and 128 truck licenses.

Cunningham and Manzardo battled earlier in the session when Manzardo complained of mud washing onto the extension of First st. in the Laursen subdivision, and reminded the board of what he said was Cunningham's statement that there would be no more "fouled up roadways." This statement was denied.

Mayor McMillen said that not even the engineer could tell what the heavy rains would do in the way of erosion.

Traffic Congestion Aired  
Another verbal explosion took place when the spokesman for the Chamber of Commerce accused the village of providing police parking attendants for the A. and P. grocery store.

Mayor McMillen said the police were hired to control traffic congestion and not to police parking, a service the village would be obliged to do wherever traffic congestion takes place.

"Tell the Chamber of Commerce we are not hiring police for any private interests," the mayor said. The Antioch News was also criticized for reporting the threat of the board to padlock places of business that had not paid license fees, although the matter had just been read by the clerk as having been given official recording in the village books.

Also suggested by the Chamber of Commerce was provision for off-street parking, while carnivals are in progress taking the parking space at the Ackerman lot.

## Lights Diamond Jubilee

Village President James McMillen signed a proclamation this week setting Oct. 17 to 24 inclusive as Lights Diamond Jubilee Week honoring Thomas Edison, the inventor of the incandescent light. It has been 75 years since the electric light was invented. The celebration is being promoted by the Public Service Co. of Illinois.

## Billy Johnson Gets Parakeet

Mr. and Mrs. Joe H. Meyer, 5428 N. Kimball ave., Chicago, have given a parakeet and cage to William (Billy) David Johnson, 7, of Antioch a polio victim, to cheer him up. When the offer was made in a Chicago newspaper more than 200 persons asked for the parakeet. Billy was stricken in October, 1952 and his left leg still is severely crippled despite surgery.

Antioch telephone operators and the supervisor on duty Monday, Aug. 30, helped obtain the bird for Billy.

## Youth Center Group To Open "Wigwam" In Room Above Reeves

Antioch's new youth center, "The Wigwam" will be opened soon in the room above Reeves Drug Store, according to George Borovicka, owner of the drug store, who met with the youth organization officers last night to complete the transaction.

According to Borovicka, the entire second floor of the building on Main street will be turned over to the organization at a nominal rental, which will enable the organization to begin operations at once. Space is sufficient to allow a variety of activities, and present plans include setting up of a Ham radio transmitter, a photographic darkroom, and possibly a hobby and wood shop, according to the wants and needs of the youngsters.

Final plans will be made at a meeting to be held Sunday evening, Sept. 12, and all interested persons are asked to contact officers of the "Wigwam" before that time.

## District Meeting of American Legion Will Be Held Here Sept. 17

Antioch Post 748 American Legion will be host to the Tenth District of the Legion at 8 p. m. Friday, Sept. 17, Dan Lightsey, commander of the Antioch post, announced today.

Lightsey said that it is indeed an honor for the local post to have the distinction of having been selected by the Tenth District to hold its first meeting since the installation of the new officers, at Antioch.

The new officers of the Tenth District are: Martin Segal, Commander; Woodrow Fisher, Sr., Vice Commander; Gordon Thomas, Jr., Vice Commander; Edward H. Janneke, Sgt. at Arms; and Charles Donath, Adjutant. Janneke is a member of the Antioch Post, and has been sergeant at arms for the Tenth District for the last three years.

Attending this meeting of the District will be delegates, alternates, and members of Legion posts located throughout the county from Barrington, Fox Lake, Winthrop Harbor, Zion, Waukegan, North Chicago, Lake Forest, Highland, Round Lake, Wauconda, Grayslake, Farnsworth, Deerfield, Lake Bluff, Lake County Women's Post, and Antioch. Lightsey said that even though the influx of visitors from other Legion posts will be great, he is expecting members of the Antioch Post to outnumber the visitors.

Refreshments will be served by members of the Antioch Auxiliary with Mrs. Dorothy Horan in charge.

## Attend National Meeting

Dr. G. W. Jensen arrived home Sunday evening from Seattle, Wash., where he attended the national convention of the American Veterinary Medical Association. Dr. R. J. Suter of Waukegan was another veterinarian from Lake county in attendance. The registration was 2,400. Dr. Jensen said that a former member of his staff, Sam Elmer of Richland Center, Wis., was given much publicity at the convention for his ability to perform a Caesarian operation on a cow in demonstrating his medical technique.

The first step to get action in the installation of a crossing signal at the Soo tracks on Depot street was taken by the village board Tuesday evening when it passed a resolution agreeing to pay up to half of the cost of a blinker system not exceeding \$8,000.

The railroad would be expected to pay the other half of the cost and to maintain the system.

Antioch's share of the expense will be paid from the motor fuel tax when and if it is sufficient.

The resolution termed the crossing "extra hazardous" as reported by the investigation of the Illinois Commerce Commission, which recommended that the village bear half the expense.

"We either have to accept this proposal now or reject it—we can not delay any longer," Village Atty. E. C. Jacobs said.

The crossing is where two men were killed last year when a train struck their car in the darkness. The street is gaining more use as the years advance.

## Antioch Business Men Want Outlet of Toll Highway at Rte. 173

Antioch business men want an outlet of the new Illinois-Wisconsin toll highway at Rte. 173.

Through the Chamber of Commerce they enlisted the aid of the village board Tuesday evening in petitioning the toll highway board for an entrance and exit wherever the toll road crosses the highway leading into Antioch.

Bruno Manzardo, representing the Chamber said he had been informed that an outlet would be placed at Grand Ave., and that Antioch should be considered as well as Lake Villa. He said he had been told that there would be no other outlets between Grand Ave. and the state line or beyond.

The request of the village will be sent by Clerk Clarence Shultis to the highway headquarters in Chicago.

Manzardo said the new toll road is to run west of Rte. 45, according to word he has received.

(Editor's Note—The toll road is not an extension of Edens Highway, nor is it similar to it. The new road paralleling Edens and Rte. 41 will be an expressway with outlets approximately 10 miles apart. Rte. 173 is but four miles from Grand Ave. and one of the two would have to be omitted. The exact location has not yet been decided this newspaper has been informed.)

## Attends Auto Training School

Richard Store has attended the General Motors Training Center at Hinsdale, Ill., in learning advanced automotive service techniques which he will use in his work at E & L Pontiac.

Mr. Store of Rte. 2, Box 305, Grayslake spent 5 days at the Hinsdale school, one of a nationwide network of training centers being set up by General Motors to keep employees of its car and truck dealerships abreast of new mechanical developments and service techniques.

A service manager with E & L Pontiac for 3 months, he selected the Pontiac course, taking advanced study in Hydraulics.

## To Build Fence for Diamond

Fathers of Little League baseball players are asked by the managers to be at the Williams park at 9 a. m. Sunday, bringing hammers and other equipment to build a fence.

## More Land Annexed to Village in Knollwood; Expect Spec'l Meeting

### Village Acts on Crown Request, Delays Decision on Other Matters

The boundaries of Antioch are a little larger this week as the result of action of the village board Tuesday evening.

The trustees granted a petition of the Crown Realty Co. and passed an ordinance annexing 5.27 acres of undeveloped land on the west side of Cross lake extending from the Wisconsin-Illinois state line south 495 feet.

Following the angle of the lake the north line is 465 feet and the south 590 feet. It does not extend west as far as Rte. 21, however.

It is not expected that the land will remain undeveloped very long. It will be subdivided soon and lots for residences sold.

The board was informed that Benjamin and Lang, bond house is preparing a corporation to handle water for residents of Knollwood subdivision on the Wisconsin side if the village chooses to sell it. This will be presented in about two weeks.

A request of the Crown Realty Co. for annexation of the Wegner property on the south side of North avenue was laid over for a week until property owners in that vicinity have been informed of the request and their reaction obtained.

Also tabled for the time being was a request of the realty company for a streamlining of operations in the approval of water main tapping. Art Hawkins, chairman of the water committee, objected to the granting of outside plumbers the right of inspection, proving definitely that already carelessness of tapping had appeared.

The board may be called into a special meeting within the next two weeks to act on these matters.

## Village Board Seeks Law to Curb Burning Of Trash Down Town

Complaints that the burning of trash behind business places nauseates shoppers with offensive odors caused village officials to search the ordinances for any law that would prevent the practice.

"We have an ordinance that described the business area as a fire zone and regulates building construction but I don't know of any ordinance that prohibits the burning of trash within the zone," said Clerk Clarence Shultis.

If no regulatory ordinance is found, the board plans to pass one.

The fire department sent to the board a resolution passed at its last meeting directing attention to the many high weeds within the village limits and citing the fact that these when dry will become a distinct fire hazard.

The board took no action because of limited time and turned to the task of passing the tax levy which was set at \$15,345, which is about the same as last year.

The board also approved expenses for those who will attend the annual Municipal League convention at Springfield, in October.

## Republican Club Hears Talk on "Blue Ballot" By Murray Counselman

Members of the Antioch-Lake Villa Township Republican Men's club heard an informative talk on the "Blue Ballot" which is to be used in a special referendum at the coming November elections.

Counselman pointed out the disparity in representation in state government by citing the fact that the 17th district numbers only 39,000 persons, while the 7th district contains more than 700,000—both having the same number of representatives in Springfield. Main changes to be felt in Lake county, if the constitutional amendment is adopted, would be that Lake county will probably be a separate district with three representatives, instead of sharing three with Boone and McHenry counties.

Other business transacted at the meeting included planning for a Republican rally to be held either in Antioch or Lake Villa before the coming elections.

## Gridgers in First Scrimmage

The Antioch Varsity Football team went through its first scrimmage last Saturday. Although the scrimmage was cut short due to the hot weather Coach Paul Kessenich indicated that a lot of work has to be done in order to be sharp for the Wilmet opener. He said that the boys have accepted the hard work so far and the spirit seems to be good.

The Varsity opens its season on the Wilmet field at 8:00 Daylight Saving Time, Friday, Sept. 17.

## Economic Highlights

What should be the attitude of university administrations and the teaching fraternity as a group toward communist teachers? That has long been a big question in this country, and endless words have been written in an attempt to answer it. An impressive contribution to that literature has now been made by Dr. Frank Munk, Professor of Political Science at Reed College, in an article printed in the Portland Oregonian. Reed is a small institution in point of numbers but it has a national reputation. Dr. Munk's discussion is made the more significant by the fact that three members of the Reed faculty, cited for alleged Communist party membership, refused to testify before a Velde Committee hearing on constitutional grounds, and one of them has since been suspended by the trustees.

Dr. Munk has more than a theoretical knowledge of dictatorship—a Czechoslovakian by birth, he has lived under both Nazism and Communism. He stands solidly for academic freedom, which means, among other things, the freedom to take an unpopular position. He believes that the congressional investigations are justly subject to criticism. But he also says: "Is it not true though that many intellectuals are only playing into the hands of congressional investigators by their deliberate blindness to the existence of conspiratorial Communist groups on the campuses of some of our best colleges and universities? . . . Would the investigators have had their field day had the academic profession been more sensitive to infiltration and more cognizant of the threat from the extreme left? Does liberalism always have to be one-eyed—seeing the enemy on the right but not the one on the left?"

Dr. Munk points out that the real question is what degree of academic freedom is possible—whether it should be unlimited or not—and asks: "Does academic freedom protect teachers who espouse and propagate communism, fascism or any other totalitarian ideology—of which this century probably will see a few more?"

He clearly thinks the answer here is No, and he quotes with evident approval from the Harvard University report on Communist professors, which said, in part: "We think membership in the Communist party by a faculty member today, with its usual concomitant of secret domination by the party, goes beyond the realm of his political beliefs and associations. It cuts to the core of his ability to perform his duties with independence of thought and judgment. . . . It is beyond the scope of academic freedom."

Then Dr. Munk explains why the Communist party is fundamentally different from all other political movements extant in this country. Its members act as agents of an unfriendly foreign power. It provides the apparatus for an underground conspiratorial movement which would destroy our system of govern-

ment and replace it with a dictatorship—a dictatorship which Dr. Munk describes as that "of the oligarchy ruling the Communist party." On top of that, Communists feel no obligation to the truth, which in itself, in his words, is a denial of "the very foundation of academic freedom."

Dr. Munk goes into considerable detail and summons much factual and historical evidence in making his case against Communist teachers, and it is a powerful case indeed. Finally, he believes the solution lies with the teaching fraternity. To quote him once more, "Ultimately academic freedom will only survive if it will be equilibrated by academic responsibility to the profession itself and to the larger community."

## Grass Roots Opinion

MORRISON, ILL., WHITESIDE COUNTY NEWS: "We believe in our big little city, cities, counties, states and nation. It is with regret we find it necessary to continually stress in our columns the need, the sorry need, for more Americanism—less politicians and more statesmen."

ALMA, ARK., NEWS: "... corporations and business men who squawk loudest about our government meddling in private business . . . buy . . . envelopes from the postoffice with their names printed on them, paid for with taxpayers' money. If that isn't government in competition with private business, we'll never see such a thing."

NORWALK, CONN., HOUR: "Railroad service is irreplaceable in times of emergency. When automobiles are short and gasoline rationed in wartime, the nation's main reliance for transportation is its railroad system."

ABILENE, KAN., DAILY REFLECTOR-CHRONICLE: "In a large measure our tax system works because it has the confidence and the cooperation of most citizens. The fact that a man responsible for collecting taxes proved a tax dodger himself should not shake that confidence. He was caught, and he will be punished."

## The Low Down From Hickory Grove

As we zoom along toward autumn and with Congress home—and summing up how we stand—means the time is ripe for checking up on just what is to be done about our cleaning up the prodigal goings-on of the past 20 years. It is time to go to the mat—find out how come the ceiling still cramps our style—Govt. style that is. Ask our great man—senator or congressman—what he has been doing the past year to earn his salt.

It is easy to get into debt—getting out is the tedious and tiresome trick, but a 100 per cent necessary task or somebody will foreclose on the mortgage. Spilt milk is spilt milk, and putting a finger on the gents and culprits of the past who pulled the wool over our eyes, is alright as history but the question now is how are we going to calk up the old boat and keep afloat—and a jump ahead of the sheriff.

We gotta pull ourselves together—use our noggin—get the Govt. out of 100 places where it is gumming up the machinery. Hire a good auctioneer—sell all the misfits—apply the cash to our mile high debt—let the new owners pay taxes which Sambo don't do—or America won't be America one of these mornings. End of essay.

Yours with the low down,  
JO SERRA.

## Women of Moose Hear Talk on Publishing; Plan Halloween Dance

George R. Rinehart, affiliated with the Waukegan News-Sun and Antioch News, explained some of the economic and public relations problems connected with newspaper publishing at the meeting of the Antioch Chapter No. 735, Women of the Moose, last Thursday, Sept. 2.

Mrs. John Gaa was initiated into Home Chapter and Mrs. Donald Sterbenz into Antioch Chapter, both sponsored by Senior Regent Mrs. Frank Kennedy, Jr.

The chapter welcomed nine visitors from Waukegan chapter, including two College of Regents, Mrs. Pauline Lange and Mrs. Selma Wallin. The Waukegan Chapter invited both the men and the women of the Antioch Moose to attend a style show and card party at the Waukegan Lodge on Sept. 22.

Plans for the annual Halloween Masquerade dance Saturday, Sept. 30, are getting under way. Senior Regent Kennedy appointed Mrs. Henry Grewe in charge of tickets, Mrs. James Schroeder, advertising, Mrs. George Nelson, prizes and Mrs. William Garlick, decorating.

The Senior Regent announced the addition of a Civic affairs committee under the direction of chairman, Mrs. Harry Arndt. Its first project will be in collaboration with the Loyal Order of Moose, a teen-agers dance. Details will be announced at a later date.

Publicity Chairman Mrs. H. J. Gorlitz and her committee, Mesdames E. Arslack, Glenn Fox, Leo Fox, Marvin Heath, Nels Jung, E. Kosar, Ben Noble and R. Polson, served refreshments after the meeting.

## Two Bus Loads From Antioch Attend Marian Year Mass at Chicago

Two bus loads of members of St. Peter's Church and others in private cars went from Antioch to Soldiers Field in Chicago last evening and attended the service paying tribute to the Virgin Mary.

An estimated 250,000 persons attended the service, a solemn pontifical high mass celebrated by Samuel Cardinal Stritch. It was the major Marian Year celebration for the diocese.

The service was conducted before an especially built altar adorned by a canopy 50 feet high. A two-level sanctuary was filled with officers of the mass, bishops, 100 monsignori and 40 laymen.

The weather was pleasantly cool.

## Legion to Entertain Auxiliary at Social Meeting on Sept. 16

Members of the Antioch Legion Post have invited the ladies of its Auxiliary to enjoy with them a social evening at the next regular Post meeting at 8 o'clock Thursday, Sept. 16. Regular business will be tabled until the next meeting in order that the members of the Antioch Post and its Auxiliary can spend the entire evening in social activity.

Hans Molgard, entertainment chairman, announced today that the post has obtained two fine films to be shown at this social meeting. One is titled "Human Bridge" and it describes how humans link themselves together to form the bridge that converts raw material into a finished product for the American consumer.

This film will show how an idea is first formulated on the drawing board to bring to the public a new model in the automobile industry. Then to the first clay model; next to the wooden mockup, and then to the various stages covering the stamping out of the metal to form different parts of the automobile body, and ending with the assembly line producing a completed new model ready to roll on the many miles of highways in the United States.

The other film is titled "Diary of a Sergeant." It stars Harold Russell, a double amputee, and tells his experiences from the date that he entered the hospital, receives his artificial limbs and the many experiences that he had adjusting himself to a happy and prosperous civilian life despite the handicap that has befallen him. This film shows Harold Russell doing almost the impossible, such as shaving, brushing his teeth, writing, driving a car, and many other tasks that we, who have both arms, will be amazed at. This film is in color and produced by Metro Goldwyn Mayer and the star, Harold Russell, is noted throughout the nation for his efforts in helping the handicapped adjust themselves to a normal civilian life despite the loss of limbs. Russell also has been National Commander of the Disabled Veterans organization.

After the showing of the films, refreshments will be served by the members of the Auxiliary with Mrs. Dorothy Horan and her committee in charge. Entertainment Chairman Molgard said that all members of the Antioch Post and its Auxiliary are cordially invited to attend this outstanding social event as not only will it be very enjoyable but also is very educational.

The car in your garage, on the driveway, or at the curb is no play toy for children. Even though you have the keys in the house and the ignition cannot be turned on, brakes can be released causing the car to move, doors can be slammed on hands, serious tumblers can occur. Be firm in telling the kids in the neighborhood to keep out of your car. Lock car doors if necessary. Be safe rather than sorry.

### Skull of Composer Rejoined to Body

VIENNA — The archbishop of Vienna recently gave his solemn blessing to a skull separated for 145 years from the body of Joseph Haydn, the composer.

Soon after Haydn died in 1809, his body was exhumed for reburial, and it was discovered that the composer's head was missing. After an extensive search, police reported they had found the skull—or at least a skull. It was joined to Haydn's body.

The real skull, meanwhile, had fallen into the hands of a phrenologist with a passion for collecting the skulls of famous persons. He bequeathed it to his wife. She gave it to the family doctor and eventually it was given to the Vienna Academy of Music, which kept it as a relic.

The Academy recently agreed to turn it over to the family for burial with the rest of the body and an expert began rejoining the bones.

### Rescuer's Reward: One Illegal Parking Ticket

MINNEAPOLIS — Carlton J. West, Jr., 24, University of Minnesota law student, stopped his car on a Mississippi River bridge here and went to the rescue of a woman who had just leaped from the span. He pulled her from the water and helped keep her alive with artificial respiration until firemen and an ambulance arrived.

When the dripping rescuer returned to his car, he found it tagged for illegal parking on the bridge.

### Out of Season

ELGIN, Ill. — Howard Gilmore gets a thrill out of turning the tables on nature.

His hobby is planting and harvesting in his own home—at the wrong time of the year. His latest achievement was the planting of a tomato vine in a flower pot last September and watching it blossom on Christmas. He has since harvested three juicy tomatoes.

### Health Remedy

TOKYO — A "health remedy" popped up here recently when a native of Hiroshima, grieving over the fate of his city, said he was covered with spots and was losing his hair. He turned to drinking sake, the national drink, and drank his way back to health through use of liquor. So his story goes.

### Prehistoric Quarry Found on Catalina Isle

LOS ANGELES — A prehistoric stone quarry, a 16th century "room with a view" and what may be southern California's first "bakery."

These were among the preliminary findings in the first systematic archaeological survey of Catalina Island, begun recently by the University of California, Los Angeles archaeologists.

Among the initial discoveries is an ancient soapstone quarry from which the Indians carved stone dishes, tools and ornaments. Also found were the remains of what appeared to be a primitive dwelling. The dwelling site is located on a bluff which affords a scenic view of Catalina channel with the Palos Verdes Hills and San Gabriel Mountains as a backdrop.

**Too Bright Sun**  
Excessive exposure to bright sunlight reduces resistance to glare for as much as 30 hours and may be an important factor in night automobile accidents.

changing History

The sales standings of a generation have been changed—by Buick. For Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And each month's sales figures strengthen Buick's new position.

Here's the price  
that proves  
Buick's the Buy

\$ 2264<sup>88</sup> delivered locally!

Now's the time to  
make your buy because—

**Buick**

Here's the 3-way Bonus  
you get in Buick today

1. **Advanced styling**—styling you know is sure to show up on other cars in the years to come. So you know you have in Buick the car that's sure to stay fresh and new-looking long into the future. And that means you'll be way ahead at trade-in time.

2. **Better Buy**—for just a few dollars more than you'd pay for one of the so-called "low-price three," you get in Buick a whole lot more power, room, comfort, ride steadiness and solid durability—plus the new-day styling that includes the broad panoramic windshield.

3. **Top Allowance**—with our great and growing sales volume, we can—and do—share our success with you in the form of a higher trade-in allowance on your present car. Drop in, see and drive Buick the beautiful buy—and see for yourself how our volume business means a far bigger allowance for you.

always  
be glad you bought  
a Chevrolet now!

YEAR AFTER YEAR, MORE PEOPLE  
BUY CHEVROLETS THAN ANY OTHER CAR!

You'll stay proud of Chevrolet's  
lasting good looks

Other low-priced cars just don't have the air of quality you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (no "boxy" look about Chevrolet!). And fine design, you know, never really goes out of style.

You'll enjoy exclusive features  
for finer motoring

Here's the only low-priced car with Body by Fisher. Here's the highest-compression power of any leading low-priced car, for more ginger in the going and more miles out of the gas. Here are the biggest brakes and the only full-length box-girder frame in the low-price field. Only Chevrolet gives you that smoother, softer Unitized Knee-Action ride—and it's even the only car in its field with Safety Plate Glass in all windows of sedans and coupes!

You save when you buy and  
when you trade

Even so, Chevrolet is priced below all other lines of cars. (That's possible because Chevrolet builds the most, and can build 'em better to sell for less.) And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value!

### "Take Home Pay" Title of Labor Day Sermon Preached by Barbee

"Take Home Pay" was the title of the sermon preached by Rev. John Barbee to one of the largest congregations yet assembled in a service at the Lakeland Baptist church in Lake Villa. The Labor Day sermon emphasized that people take from their work more important things than the after-deduction pay envelope. These, he indicated, were feelings of failure or achievement, or attitudes of utility or creativity. The sermon pointed up the Reformational view of all work as being sacred. "The most important attitude toward your job is that it be an act of worship," said the minister.

Mr. Barbee announced his topic for Sunday morning, Sept. 12, as being "Old Dogs and New Tricks." This sermon, according to the minister, deals with one of the most vital human problems. The problem of aging gracefully will be dealt with in view of modern insights and ancient Biblical wisdom.

A baptismal service will be conducted by Lakeland Baptist members in the First Baptist Church of Waukegan on Sunday afternoon. Both churches are affiliated with the American Baptist Convention, a denomination of 7,000 churches.

Services are being held temporarily in the gymnasium of the Central Baptist Children's Home while plans are progressing for the new church building on Route 21. Sunday services are at 11 a. m. and 7:30 p. m.

#### Card of Thanks

### Letter to the Editor

Wednesday  
Sept. 1, 1954

Dear Sir:

I am writing in regard to the Bus Service, that has taken us shopping to Antioch every Wednesday morning. It has given me a chance to get to know the Town of Antioch. I enjoy shopping there very much as I do my weekly shopping there now. Without the bus taking me and my family, it is impossible to get out that way. Here's hoping you continue the Bus Service throughout the year.

Thank you.

Yours truly,

Mrs. Mary Peklo
